The Wilder Flower is based in Western North Carolina and Upstate South Carolina and features three-part harmony vocals, fiddle, banjo, guitar, and sometimes bass. They have been building a unique sound for over two years around their original songs and tunes, whether a two-chord old-time inspired ballad or a modern, bluegrass, minor-filled melody. The Wilder Flower will release their debut album in September 2024, with the first single available May 2024.

 'Cold' - The Wilder Flower

 Cherokee Shuffle
